

**Greetings!**

### **A new, fully staffed office in Barcelona**

Since opening our new sales office in Barcelona, Spain last year this office is now fully staffed and operational. The office is headed by Marc Gomez Cruz who relocated earlier in 2018 from our London office to develop his own portfolio plus work on the Iberian peninsula market of Spain and Portugal. Marc and his team offer employed and self-employed solutions in both countries.

Marc is especially focused on expanding Access Financial's Professional Employer Organisation (PEO) business to serve clients who lack the expertise or resources to set up and administer a local company or who prefer to mitigate risk and expense through outsourcing. He is supported by Carolina Vasquez, office administrator and salespeople, Stefania Renton and Gary McGuinness.
