

Greetings!

Welcome to the August newsletter! With the holiday season upon us, we hope to provide you with some interesting summer reading. With this in mind, we are sharing Access Financial's top fifteen most popular articles from the past year to keep you busy. Top picks include guides for contractors working in a range of European countries as well as important developments and guidance on tax and employment laws across the region. Keep reading to find full links below.

Access Financial was also pleased to be featured in four news articles last month including *The Telegraph* (print and online), two articles in *Contractor UK* and another in *Shout99* during the month of July! Please find links below to view full articles on everything from the recent HMRC crack down on British contractors working abroad to a contractor's survival guide for working in Poland.

As always be sure to download our app if you have not done so already so you can use the range of free calculators to maximise your retention.

Best wishes
